ORGANOCIDE® BEE SAFE 3-in-1 GARDEN SPRAY

2.5 GALLON CONCENTRATE - MAKES 100 GALLONS

Safe for use around the home and in the garden when used as directed. Take house plants outdoors to treat. Can be used up to the day of harvest. **SHAKE OFTEN WHILE IN USE.** This product tends to settle if not agitated.

Read entire label before use. Use only in accordance with label instructions.

Effective on: Small, Soft-Bodied Insects, Spider Mites, Scales & Certain Fungal Diseases, as listed
Soft on: Beneficial Insects — Will **NOT** harm **Bees** or **Adult Butterflies**

Kills ALL STAGES of Small, Soft-Bodied Insects: **Eggs • Larvae • Nymphs • Adults**

Directions for Use (not recommended for in home use): SHAKE WELL FIRST. Dilute 3 oz. of Organocide® BEE SAFE 3-In-1 Garden Spray per gallon of water and shake well to blend. Once blended, **SHAKE OFTEN WHILE IN USE** to prevent separation. Diluted solution can be used up to 30 days. Use a clean sprayer that will put out a fine spray. Spray leaves and stems of plants, making sure tops and bottoms are covered, until run-off. If spraying on severely stressed or damaged plants, consider using a lower rate such as 1 oz. per gallon to avoid adding additional stress. For best results, spray during the coolest time of the day (early morning or late evening) and allow 3-4 hours for product to dry. Do not apply when temperatures exceed 95°F. A single application is normally enough for preventative control. For normal maintenance, spray once per month or as needed to spot treat areas. For severe problems, make two applications 3-4 days apart. Reapply in 7 days if problem persists.

Garden Insects: Organocide® BEE SAFE 3-In-1 Garden Spray kills the eggs, larvae, nymphs, and the adult stages of over 25 soft bodied insects including (but not limited to) Aphids, Hemlock Woolly Adelgid, Leafrollers, Mealy Bugs, Thrips, White-Flies, Fungus Gnats and Psyllids. **Spider Mites:** Including (but not limited to) European Red Mite, Spruce Mite, Maple Mite, Southern Red Mite, Two Spotted Mite, Six Spotted Mite, Texas Citrus Mite, Russet Mite and Rust Mite. **Scale Insects:** Including (but not limited to) Sago Palm Scale, Magnolia Scale, Oleander Scale, San Jose Scale, Hemlock Woolly Adelgid and Euonymus Scale. **Diseases:** Organocide® BEE SAFE 3-In-1 Garden Spray controls certain fungal diseases such as (but not limited to) Powdery Mildew, Downy Mildew, Black Spot on Roses, Helminthosporium and Greasy Spot on Citrus. **Target Plants:** Vegetables, Fruits, Nuts, Vine Crops, Herbs, Ornamentals, Greenhouse Crops, Turfgrass, Landscape Plants, Bulbs, Flowers and Field Crops. Not For Indoor Use. **Plant Compatibility:** When used as directed, Organocide® BEE SAFE 3-In-1 Garden Spray has an unusually high degree of safety to most plants. However, some plants in the Euphorbia family (Crown of Thorns, Poinsettia) as well as some succulents and tomato plants have shown sensitivity. If in doubt, test first on a small area of foliage to determine plant safety.

Organocide® Bee Safe 3-in-1 Garden Spray will stain concrete and clothing.

PESTICIDE STORAGE, DISPOSAL AND CONTAINER HANDLING

Store in a cool, dry area. Always store pesticides in the original container in a secure area away from children and pets. Store away from food and pet food. Do not contaminate water, food, or feed by storage and disposal. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or <http://www.epa.gov/ocpp0001/regulating/disposal.htm> for disposal instructions. Never place unused product down any indoor or outdoor drain.
