### Release Rates:

For greenhouse and protected crops, 10 mites per sq. ft. or 125k treats 12,500 sq. ft or ¼ acre. For field crops, apply ≈ 125k per acre. Adjust as needed for infestation levels.

### Directions for Use:

Rotate bottle to distribute mites. Open container in crop area. Shake mites and medium onto crop foliage, adjusting where pest pressure is higher. Rotate bottle occasionally during application.

**Use within 18 hours of receipt.**
