Timed Release Fertilizer

NET WT 3 OZ (85 g)

Soil Moist Mycorrhiza Transplant Plus 3-3-3

Soil Moist Transplant Plus is formulated to inoculate transplant shrubs and trees during planting time. The product contains a diverse blend of 12 species of viable endo and ecto mycorrhizal fungi that are adapted to a wide range of plants and habitat conditions. Included in the product is Soil Moist water management polymers, an 8-9 month timed release 3-3-3 fertilizer and an effective biostimulant formulation. Effective on all trees, shrubs and plants except: Laurels, Rhododendrons and Azaleas.

Directions:

Mix with back fill in the top ten inches of the planting hole around the root ball. Water after applying. Must be placed in contact with the root ball when applying. Do not use with fungicides for 3 weeks before and after applying. Refer to technical form # 782A.

Rate Chart

Container Size	Amount	Box Size	Amount
1 gallon	.75 oz	16"	5.0 oz
2-3 gallon	1.5 oz	20"	6.0 oz
5 gallon	2.0 oz	24"	9.0 oz
7 gallon	3.0 oz	30"	12.0 oz
2' tall	1.5 oz	36"	18.0 oz
3' tall	2.0 oz	42"	27.0 oz

Use 3 ounce per caliper inch
