# SoilMoist™ Flower & Garden Plus

Most planting sites lack the beneficial fungi and bacteria that new plants, flowers and trees need due to tillage, home construction, mining and the removal of top soils. SoilMoist Flower & Garden Plus is formulated from several species of beneficial mycorrhizal fungi and bacteria (that grow naturally in undisturbed soils), plus an 8 to 9 month time-released 3-3-3 fertilizer, and water-storing polymer crystals that help reduce plant waterings.

*Effective for all types of flowers and plants except laurels, rhododendrons, azaleas, oaks, pines, firs, and spruces.*

**APPLICATION RATES:** Mix SoilMoist Flower & Garden Plus with the soil backfill in the top 10 inches of the planting hole. The granules **MUST BE** placed in contact with the roots for the fungi to colonize. After planting, deep-soak the plant with water.

Container Size	Amount
4"	1/2 teaspoon
6"	1 1/2 teaspoons
8"	2 teaspoons
10" - 1-gallon	1 tablespoon
3-gallon	3 tablespoons
5-gallon	4 tablespoons

**Measuring tip:** Each one-pound jar will treat 100 square feet of bedding area. Use six tablespoons per diameter inch of tree, must place by roots.

## GUARANTEED ANALYSIS 3-3-3

Total Nitrogen (N)	3%*
1.75% Ammoniacal Nitrogen	
1.25% Nitrate Nitrogen	
Available Phosphate (P <sub>2</sub> O <sub>5</sub> )	3%*
Soluble Potash (K <sub>2</sub> O)	3%*

**SOURCES:** Ammonium Nitrate, Ammonium Phosphates, Calcium Phosphates, and Potassium Sulfate.\*The Nitrogen, Phosphate and Potash have been polymer coated to provide a 3% coated slow release Nitrogen (N), 3% coated slow release Phosphate (P<sub>2</sub>O<sub>5</sub>) and 3% coated slow release Soluble Potash (K<sub>2</sub>O). 371-1001

**ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:** 22% cross-linked polyacrylamide. Minimum of 16.3 propagules per gram (10.6 per cc) of endomycorrhizal fungi derived from *Glomus intraradices*, *Glomus aggregatum*, *Glomus mosseae*, *Glomus clarum*, *Glomus deserticola*, *Glomus monosporum* and *Gigaspora margarita*. Minimum of 5.81 million CFUs per gram (3.46 million per cc) of beneficial bacteria derived from *Bacillus* (15 species), *Pseudomonas* (5 species) and *Streptomyces* (10 species).

**Storage:** Store in a cool dry location (34°F - 95°F). Reseal any unused product.

Made in U.S.A.
