

# TWEETMINT PLANT WASH

No synthetic or volatile chemical compounds. Ingredients **Generally Regarded as Safe (GRAS)**

feingold®

proven dietary solutions  
to behavior, learning  
& health problems

Experience the awesome power of active enzymes. The results will astonish you! **TweetMint Enzyme Plant Wash** does not harm people, pets or our shared environment. Keep your plants healthy by creating conditions less conducive to pest infestations.

**Directions:** Use .5-1 oz. (1-2 tbsp) of concentrate per gallon of water for low dose and 1-2 oz. (2-4 tbsp) per gallon of water for high dose. Spray the dilution on the entire plant, both the top and bottom of the leaves, on indoor or outdoor plants. Do not apply (or store) in direct sunlight or in temperatures above 90 degrees Fahrenheit.

**Precaution:** Avoid contact with the eyes; flush with water if contact occurs. In case of accidental ingestion, contact a physician. Do not allow children to use while unattended.

**Ingredients:** Purified water, anionic/nonionic surfactant blend, glycerin, enzymes, peppermint oil, sodium borate.
