

**Beny-Gro™** is an all-natural, beneficial brew of microorganisms for use in hydroponics and greenhouses. Beny-Gro contains a rich portfolio of microorganisms which supports microbial diversity, enhances biological nitrogen fixation, and improves yield. For use with all plants.

## Beny-Gro

- Supports microbial diversity
- Enhances biological nitrogen fixation
- Improves yield

## CONTAINS NONPLANT FOOD INGREDIENTS:

*Bacillus subtilis* -  $7.7 \times 10^4$  cfu/mL

*Lactobacillus acidophilus* -  $2.0 \times 10^4$  cfu/mL

*Lactobacillus casei* -  $2.0 \times 10^4$  cfu/mL

*Lactobacillus plantarum* -  $2.0 \times 10^4$  cfu/mL

*Lactococcus lactis* -  $2.0 \times 10^4$  cfu/mL

*Rhodopseudomonas palustris* -  $6.16 \times 10^4$  cfu/mL

*Rhodopseudomonas sphaeroides* -  $1.4 \times 10^4$  cfu/mL

**USAGE:** Apply 5 ml per gallon of nutrient solution or water.

**STORAGE:** Store at room temperature and out of direct sunlight. pH of this product should be 3.9 or lower.

**Beny-Gro** is non-flammable, non-toxic, non-corrosive and biodegradable.
