

STIKY™ Plant Stakes

Product # WFT-696
EPA EST # SH TA 1P5-5
10 (2"x7") Traps

For Potted Plants

MADE in USA

Attracts flying insects like a magnet!

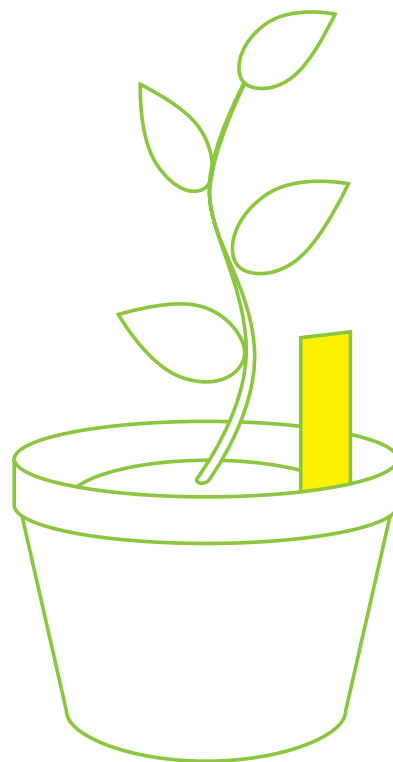

The yellow color attracts insects like a magnet to our special **STIKY™** trap surface.

Remove protective paper and insert Plant Stake into soil on the edge of the pot with the adhesive side facing in. The trap is coated on one side only thereby obscuring the trapped insects on the interior.

Indoors & Out

Protect your plants 24/7 from:

Whiteflies, fungus gnats, thrips, midges and other flying insects.

ECO Friendly Reusable
