**KEEP OUT OF REACH OF CHILDREN
TENIR HORS DE LA PORTEE DES ENFANTS
MANTENGA FUERA DEL ALCANCE DE LOS NINOS
SEE SIDE PANEL FOR ADDITIONAL CAUTION**

OLSON BRUSHABLE STIKY STUFF: a specially nondrying insect trapping adhesive. Ready to use and will remain sticky until covered with insects or debris. Detect and monitor insect activity.

DIRECTIONS: Use a brush to apply. Apply a thin 1/16" (1.6 mm) coating to the surface of the trap. You can use plastic, cardboard, wood, glass, or most any nonporous surface to make traps. Attractants may be color, shape, odors and pheromones. Traps should be placed near the crop or plants you want to protect and out of the reach of children or pets. Optimum results will occur by observing the activity and moving traps to where the greatest insect activity is seen.

CAUTION: Contains petroleum distillates. Do not use or store near heat or open flame. Use in well ventilated area. If contact with eyes, flush thoroughly with water. If irritation persists, obtain medical attention. For skin contact, wash with vegetable oil or baby oil, then soap and water. Store in cool dry location, inaccessible to children and pets. Keep tightly sealed in original container. Do not reuse container. **KEEP OUT OF REACH OF CHILDREN**

Olson Products, PO Box 1043, Medina, OH 44258
