

How to Fold Your Pop Up Cage

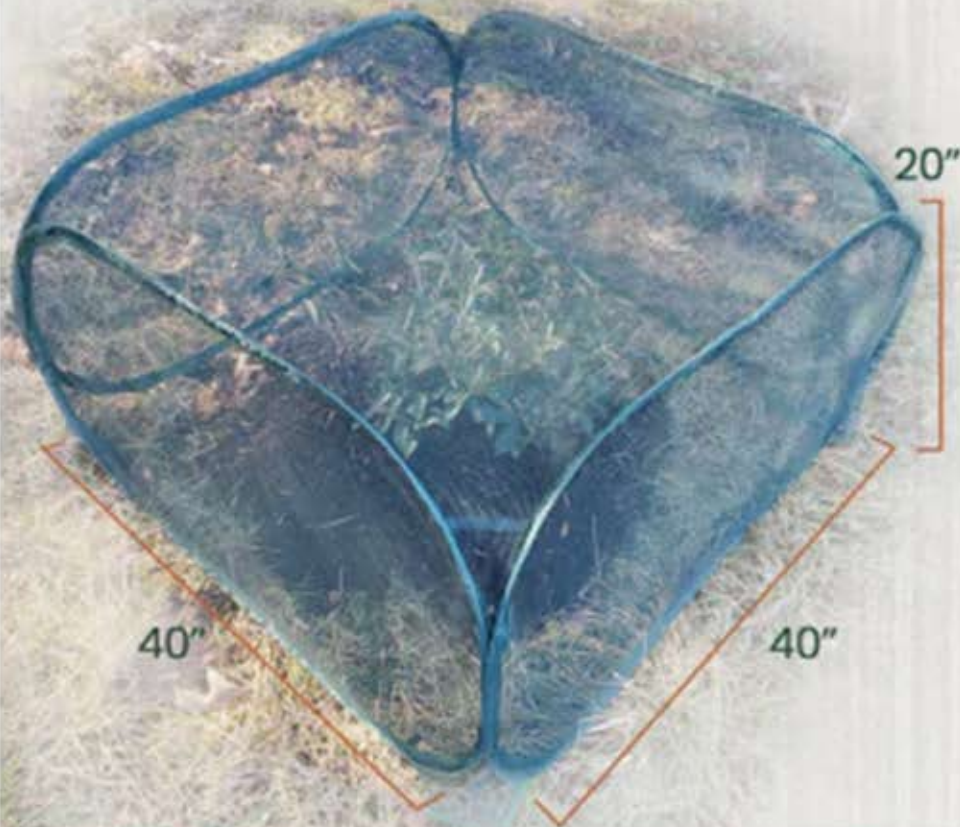

To fold away your cage:

1. Grip diagonally opposite ends of the cage; 2. Bring hands together so that the cage is folded in half and forms loops on either side, with your left hand gripping the two spring steel sides in the middle; 3. Place your right hand on the bottom of the loop; 4. Move your right hand inwards and upwards, bringing the loop into the centre. At the same time, manoeuvre your left hand to allow the spring steel side slightly nearer you to slip underneath the one slightly further away; 5. Continue to push right hand towards the centre to form 3 loops (one on top of the other); 6. Bring loops together into a circle

Pop-Net

Protective Mesh Netting

- Pop-up structure design that allows for simple and fast DIY installation
- Keeps insects, pests, and other small garden animals away from your vegetables, plants, and flowers

Lightweight, standalone netting structure that allows sunlight, water, and air through
