"When used as directed", Trifecta Flea and Tick Yard Spray is safe and effective for treating ticks and fleas without being harmful to people, pets, or the planet.

Avoid spraying between 10:00 AM and 6:00 PM when bees and other pollinators are actively foraging, and foliage is susceptible to damage from intense direct sunlight.

Use for Lawns, Patios, Bushes, Backyards, and Foundations

EASY READY-TO-USE FORMULA

DIRECTIONS FOR USE:

Make sure control lever is in the off position. Attach hose to sprayer and ensure faucet is on. Turn control lever to on position and spray entire yard thoroughly including up the trunks of trees into the foliage, shrubs, bushes, and the foundational areas of any structures.

How To Refill With Trifecta Outdoor Pest Control: Add 8oz. of Trifecta Outdoor Pest Control into the 32oz. hose end sprayer and fill the remaining 24oz. with water. Attach hose to sprayer and ensure faucet is on. Turn control lever to on position and spray entire yard thoroughly including up the trunks of trees into the foliage, shrubs, bushes, and the foundational areas of any structures.
