

HUMANE

Life just got a little bit easier for you and your succulents.

Humane's organic capsules provide the roots, leaves, and stems of your indoor plants the nutrients they need to thrive.

Capsules are certified for organic production.

Organic + Natural

Zero* Odor

Family Farm Owned

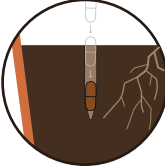

Made in America

* When product is used as directed and capsule is placed underneath soil.

Directions for use

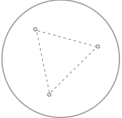

Make a hole in moist soil with the included Humane bamboo spike halfway between the plant stem and the pot rim.

Place one organic plant food capsule in each hole and press down firmly until fully underneath soil.

In spring and summer, reapply capsules every 30-45 days; reapply every 60 days in winter and fall. Water plants regularly as required. Safe for all houseplants when used as directed. Place capsules on opposing sides or equal distance apart so all roots can uptake nutrients equally.

Diameter of Pot	3-5 inch	6-9 inch	10-12 inch	13+ inch
Capsules Needed	2	3	4	5

Example of a 6-9" capsule placement.

Packaging made from sustainable materials. Please recycle.

For all varieties of indoor plants
