

terraFlux

Organic Input Material

INOCULATED BIOCHAR BLEND

Use to increase growth, microbial activity, and water retention; improve plant vigor and support soil structure.

DIRECTIONS

Mix into soil before planting, at 5-10% of soil volume. For best results, combine with application of Bioflux.

STORAGE

Store between 50- and 90-degrees Fahrenheit (10-32 Centigrade). Do not store in direct sunlight or freeze. Keep airtight; once bag is open, use within 48 hours.
