Material Safety Data Sheet:
VermisTerra Earthworm Casting Tea

SECTION 1: PRODUCT IDENTIFICATION AND COMPANY

Product Name: VermisTerra Earthworm Casting Tea
Product Description: earthworm castings tea
Recommended use of the Material: Soil Enhancer
Uses advised against: No information available.
Hazardous Components: none

Company: Salton Sea Farms, Inc.
Address: 81-800 Johnson Street. Thermal, CA 92274
Telephone: 760-278-1331
Internet Web Site: www.vermisterra.com
Emergency phone number: 911 in case of accidental ingestion

SECTION 2: HAZARDS IDENTIFICATION

Skin corrosion/irritation	Category 2
Eye damage/eye irritation	Category 2

Hazard statements
H315 - Causes skin irritation
H319 - Causes serious eye irritation
H335 - May cause respiratory irritation

Precautionary Statements - EU (§28, 1272/2008)
P261 - Avoid breathing dust/fume/gas/mist/vapours/spray
P264 - Wash face, hands and any exposed skin thoroughly after handling
P312 - Call a POISON CENTER or doctor if you feel unwell
P403 + P233 - Store in a well-ventilated place. Keep container tightly closed
P280 - Wear protective gloves/protective clothing/face protection
Category 2 - (H315) Category 2 - (H319) Category 3 - (H335)

Other hazards
None known.
No chemicals, Not considered hazardous, not dangerous.

GHS label elements
No hazard pictogram, no signal word, no hazard statement(s), no precautionary statement(s) required.

INHALATION: Product may cause respiratory irritations. Move to fresh air. If

breathing is affected, call a doctor.
INGESTION: Product is hazardous for ingestion. Contact emergency personnel if ingested.
EYE CONTACT: Hold eye open and rinse slowly and gently with water for 15 minutes. Product may cause eye irritations material enters eyes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
SKIN CONTACT: Allergic reactions may occur. Skin contact should be avoided.

SECTION 3: COMPOSITION

Earthworm castings tea is a liquid made from earthworm manure
Components
No hazardous ingredients

SECTION 4: FIRST AID MEASURES

General advice
If inhaled Remove to fresh air. IF exposed or concerned: Get medical advice/attention. Get medical attention immediately if symptoms occur.

In case of skin contact Wash off immediately with soap and plenty of water for at least 1 minute. Get medical attention if irritation develops and persists.

In case of eye contact rinse eye for five minutes.

If swallowed Do NOT induce vomiting. Rinse mouth. Never give anything by mouth to an unconscious person. Call a doctor.

Most important symptoms and effects, both acute and delayed
Protection of first-aiders Notes to physician
: No hazards which require special first aid measures.
: After inhalation: fresh air.
: In case of skin contact: Take off immediately all contaminated clothing. Rinse skin with water/ shower.
: After eye contact: rinse out with plenty of water. Remove contact lenses.
: After swallowing: make victim drink water (two glasses at most). Consult doctor if feeling unwell.
: The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11
: For personal protection see section 8. : No data available

If poisoning occurs, contact the Poisons Information Centre near you. Obtain first aid and medical attention if irritation of any type occurs. Eye irritation must be treated by flushing eyes with running water for at least 15 minutes. Skin irritation must be treated by washing contaminated area with soap and water. Seek medical advice if inhaled. If swallowed: Rinse mouth.

SECTION 5: FIREFIGHTING MEASURES

Suitable Extinguishing Media: Fire extinguishers: -- Carbon dioxide, dry chemical, foam, water fog, powder. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Water may be used to extinguish all components of this media. Specific Hazards: Stand clear of smoke or dusts that are released from smoldering media. Fire fighting advice: Contact Fire Department. Operate fire extinguishers in accordance with manufacturers' instructions.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal precautions, : protective equipment and emergency procedures. Ensure adequate ventilation. Use personal protective equipment as required. Evacuate personnel to safe areas. Avoid contact with skin, eyes or clothing.

Environmental : Prevent further leakage or spillage if safe to do so.
Methods and materials for containment and cleaning up: Take up mechanically, placing in appropriate containers for disposal.

For personal protection see section 8.
No special precautionary measures necessary.
Observe possible material restrictions (see sections 7 and 10).

Low volume spillages may be applied at the recommended application rate to a suitably vegetated land area. Not harmful to animals, pollinators, fish, watercourses or drainage zones.

SECTION 7: HANDLING AND STORAGE

Advice on safe handling: Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash it before reuse. Ensure adequate ventilation. Avoid breathing vapours or mists. In case of insufficient ventilation, wear suitable respiratory equipment.

Conditions for safe storage: Handle in accordance with good industrial hygiene and safety practice. Store out of the sun, between at temperatures 40 - 90 F. Keep containers tightly closed in a dry, cool and well-ventilated place. Store according to product and label instructions.

Avoid contact with skin and eyes. Do not eat, drink, or smoke when using this product. Precautions for Safe Storage: Store in a sealed container. Store material away from foodstuff.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Ingredients with workplace control parameters:

Contains no substance with occupational exposure limit values.

Biological Limit Values: Biological occupational exposure limits
This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies.

Engineering Controls: Avoid confined and non-ventilated spaces. Adequate ventilation required. No Personal Protective Equipment required when handling. Wash hands with soap and water after handling.

Eye / Face Protection: If splashes are likely to occur, wear safety glasses with side-shields.

Skin and body protection: Wear suitable protective clothing. Long sleeved clothing.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Liquid
Appearance: brown liquid

Property:	Values
Odor:	slight herbal, manure odor
pH:	4
Melting/freezing point	0 F
Boiling point / boiling range	No data available
Flash Point	No data available
Evaporation rate	No data available
Flammability (solid, gas)	No data available
Upper flammability limit	No data available
Lower flammability limit	No data available
Vapor density	No data available
Specific Gravity	No data available
Water Solubility	No data available
Solubility in other solvents	No data available
VOC Content (%) Particle Size	No data available

Stable under normal environmental conditions.
Conditions to avoid: None
Incompatible materials: None
Hazardous reactions: None
Respiratory Protection: If irritation is experienced, a face mask or respiratory protection should be worn.

SECTION 10: Stability and Reactivity

Reactivity: Slight organic acid
Chemical stability: Chemically Stable under standard ambient conditions
Possibility of hazardous reactions: none under normal use
Conditions to avoid: none known
Incompatible materials: none known
Hazardous decomposition products: in event of fire, see section 5

SECTION 11: Toxicological information

No toxicological data available, does not contain heavy metals or pathogens.

Information on like routs of exposure:
Inhalation: May cause irritation of respiratory tract.
Eye contact: Causes serious eye irrigation. May cause redness, itching and pain.
Skin contact: Causes skin irritation.

Ingestion: Specific test data for the substance or mixture is not available. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.

OSHA:
No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.
Reproductive toxicity: No data available
Specific target organ toxicity: No data available
Aspiration hazard: No data available

11.2 Additional Information
RTECS: ZC0110000
To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

SECTION 12: Ecological information

Non-toxic, non-hazardous
Ecotoxicity: The environmental impact of this product has not been fully investigated. Not harmful to aquatics.

Persistence and degradability: No data available
Bioaccumulative potential: No data available
Mobility in soil: No data available
Endocrine disrupting properties: No data available

SECTION 13: Disposal considerations

Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation. This product may be disposed outdoors on the soil, plants, or grass. Appropriate volumes may be applied onto suitably vegetated land.

Disposal methods
Waste from residues: Waste material must be disposed of in accordance with the national and local regulations. Leave in original containers. No mixing with other waste. Handle uncleaned containers like the product itself.

SECTION 14: Transport Information - Always transport in sealed containers.

DOT No restricted
TDG Not restricted for road or rail
ICAO Not restricted
IATA Not restricted
IMDG/IMO Not restricted

International Regulations IATA-DGR
Not regulated as a dangerous good
IMDG-Code
Not regulated as a dangerous good
Transport in bulk according to IMO instruments
Not applicable for product as supplied.
National Regulations 49 CFR Road
Not regulated as a dangerous good
Poison Inhalation Hazard : No

SECTION 15: Regulatory information - No Chemicals.

California Proposition 65 - Does not contains any Proposition 65 chemicals.

Follows The National Organic Program (NOP) is a federal regulatory program under the United States Department of Agriculture (USDA) Agricultural Marketing Service.

Approved for Organic Farming by California Department of Food and Agriculture (CDFA), which ensures compliance with both state and federal organic regulations.

CERCLA Reportable Quantity
This material does not contain any components with a CERCLA RQ.
SARA 304 Extremely Hazardous Substances Reportable Quantity
This material does not contain any components with a section 304 EHS RQ.
SARA 302 Extremely Hazardous Substances Threshold Planning Quantity
This material does not contain any components with a section 302 EHS TPQ.
SARA 311/312 Hazards
SARA 313
Clean Air Act
: No SARA Hazards

: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.
This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).
This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).
This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).
This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCMI Intermediate or Final VOC's (40 CFR 60.489).
Clean Water Act
This product does not contain any Hazardous Substances listed under the U.S. CleanWater Act, Section 311, Table 116.4A.
This product does not contain any Hazardous Chemicals listed under the U.S. CleanWater Act, Section 311, Table 117.3.
This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307
This product does not contain any priority pollutants related to the U.S. Clean Water Act
US State Regulations Massachusetts Right To Know
No components are subject to the Massachusetts Right to Know Act.
Pennsylvania Right To Know
water
Maine Chemicals of High Concern
Product does not contain any listed chemicals
Vermont Chemicals of High Concern
Product does not contain any listed chemicals
Washington Chemicals of High Concern
Product does not contain any listed chemicals
New Jersey Right To Know
water
7732-18-5
The components of this product are reported in the following inventories:
TSCA : All substances listed as active on the TSCA inventory
TSCA list
No substances are subject to a Significant New Use Rule.
No substances are subject to TSCA 12(b) export notification requirements.
