

BIO 520

LIQUID MINERAL NUTRIENTS

- ◆ OVERALL GROWTH ENHANCEMENT FORMULA ◆
- ◆ OPTIMAL PLANT CULTIVATION ◆
- ◆ SOURCED FROM VOLCANIC MINERALS FROM THE SEA ◆
- ◆ ATOMIZED FOR RAPID UPTAKE ◆
- ◆ NATURE'S SILICON DIOXIDE ◆

0-0-2

16 FL. OZ. (0.47L)

8.35LBS PER GALLON

GUARANTEED ANALYSIS

Silicon Dioxide (SiO₂)...43%
Soluble Potash (K₂O)...2.0%
Calcium (Ca)...2.89%
Magnesium (Mg)...1.83%
Iron (Fe)...4.09%
Sodium [Na]...3.22%

Derived from:

Potassium Sulfate
Calcium Oxide
Magnesium Oxide
Iron Oxide
Sodium Oxide

DIRECTIONS:

For seed germination - dilute 1 part concentrate to 500 parts irrigation water

For irrigation - dilute 1 part concentrate to 1,000 parts irrigation water. Irrigate at normal volumes and frequency.

STORAGE & SHELF LIFE:

Store in a cool area, out of direct sunlight. Shelf life of concentrate is 3 years from date of manufacture

PURPOSE

BIO520™ contains high performance minerals to promote plant cultivation.

BIO520™ boosts plant performance by providing essential nutrients.

BIO520™ blocks the uptake of toxins, chemicals and heavy metals.
