**DIRECTIONS FOR MIXING:**

**SHAKE WELL BEFORE EACH USE.** Use 4 tablespoons (2 OZ.) per gallon of pure water. Mix the ingredients thoroughly, to completely dissolve all ingredients into a liquid water solution.

**APPLICATION RATES:** Once you have diluted the concentrate, you may either use it as a foliar spray or apply directly to the soil around the base of plants, feeding at a rate of 2 cups for small plants or 4 cups for larger plants. Apply every 2 weeks for maximum results. **EASY TO USE in hose end sprayers.** Pour Dr. Earth® Pure Gold® All Purpose Plant Food concentrate directly into the canister, set the dial to (4 TBSP) and simply spray your entire outdoor garden. Make sure to spray branches and the underside of leaves until the plants are dripping.

**NOTE:** Please spray early in the morning or after 4:00PM to avoid any leaf burning.
