# NOURISH-BIOSOL

NOURISH-BIOSOL is a natural fertilizer. NOURISH-BIOSOL is a long acting, slow release nitrogen fertilizer with a well-blended nutrient ratio. Stimulates microorganism activity in the soil. Free of animal by products.

## HOW IT WORKS

Nourish-BIOSOL may be applied at anytime, except over snow and should always be applied topically, The application rates may be adjusted to fit any special soil or nutrient requirements. Nourish-BIOSOL will not burn vegetation when used properly.

Nourish-BIOSOL may be dry broadcasted or applied with a hydro seeder. Store in a dry environment.

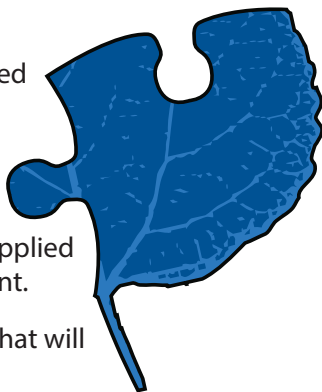

Nourish-BIOSOL has an earthy organic smell that will disappear in 3-4 waterings.

For Best Results, Use in Combination with John & Bob's **Penetrate**, **Maximize** or, **Optimize** products.

## THE JOHN & BOB'S GUARANTEE

If you are not completely satisfied with any of our products, simply send us a copy of your receipt or empty package, along with a brief explanation of what went wrong and we will promptly refund your money. No questions asked!

## DIRECTIONS FOR USE

**RATE:** Use 6 -10 pounds per 1000 sq ft. One cup treats 90 sq ft and use two cups for a large tree. Use 3 Tbsp. for a potted vegetable start or small plant

**APPLICATION:** Cast or spread over lawns and gardens by hand or using any popular rotary spreader, usually at setting #3. Water into soil after application and thereafter resume normal irrigation. **NO DIGGING IN OR TILLING REQUIRED! WILL NOT BURN.**

**FREQUENCY:** Simply apply twice per year, every year.
