Results Guaranteed!

Expiration Date: November 2017

Store between 50° and 80° F

Away from sunlight

Part A 4oz / 118 ml

Part B 4oz / 118 ml

Not for use in organic crop and organic food production.

LIQUID BIOTILLER

For Use on Lawns, Gardens, and Indoor Plants

DIRECTIONS FOR USE

RATE: Use 8 oz. (one each A & B 4 oz., bottles) per 1,000 square feet with 1 gallon water.

APPLICATION: Sprayer: Mix equal amounts of Part A and Part B in clean, standard hose-end sprayer or backpack sprayer. Attach hose and spray evenly over the soil or existing lawn and garden. Continue to spray until all product is flushed from sprayer. Rinse sprayer when finished and leave top off to dry.

DRENCH: Mix equal amounts of Part A and Part B in a clean bucket or other container at a rate of 2 oz. of each part (A and B) per gallon of water. Use mixture to drench house plants or around specific plants in the garden.

Will not harm existing plants or lawn.
Will not burn lawns or gardens.

FREQUENCY: Apply twice per year, every year.

SMART SOIL SOLUTIONS

READ ENTIRE LABEL BEFORE USE. It is a violation of federal law to use this product in a manner inconsistent with its labeling.

HOW IT WORKS

Liquid Biotiller is the **PENETRATE** piece of the GrowGreen family of organic and natural products. It begins to work as soon as it is sprayed onto the soil. All you have to do is water regularly and Liquid Biotiller does the rest.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

Part A NON-PLANT FOOD INGREDIENTS: Active Ingredients by volume

5.0%Kelp (microbe food)
