

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: PFR-97 20% WDG

EPA Registration No. 70051-19

Product Type: Microbial Insecticide

Active Ingredient: Isaria fumosorosea Apopka Strain 97

CAS No.: None

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses:Biocontrol of insects and mites.Uses advised against:Any use not listed on the label

1.3. Details of the supplier of the safety data sheet

Name: Certis U.S.A., LLC

Address: 9145 Guilford Road, Suite 175

Columbia, Maryland 21046

U.S.A.

Phone Number: +01 (800) 255-3924

Website: http://www.certisusa.com

1.4. Emergency telephone number

Emergency number: +1 800 255-3924

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Hazard Classification: Not classified by OSHA

EPA Signal Word: Caution (see section 15

Hazard Statements: None

Pictogram: None

Precautionary Statements: Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray

mist. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated

clothing before reuse.

2.2 Other Hazards: For outdoor non-greenhouse use do not apply when bees are actively foraging.

Do not apply directly to water, or to areas where surface water is present, or to

intertidal areas below mean high water mark. Do not contaminate water when disposing of euipment wash water or rinsate. Do not allow contamination of or discharge into lakes, ponds, or public waterways. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Apply this product only as specified in the label.

SECTION 3: Composition/information on ingredients

3.1 Substances

Component CAS# % by weight

Isaria fumosorosea Apopka strain 97* None 20

SECTION 4: First aid measures

4.1. Description of first aid measures

Generic measures

Skin Contact: Take off contaminated clothing. Rinse skin immediately with plenty of water for

15-20 minutes. Call poison control center or doctor for treatment advice. If product is diluted in accordance with the directions for use, gets on skin medical attention

is not required.

Have product container or label with you when calling poison control or doctor or

going for treatment.

4.2. Most important symptoms and effects, both acute and delayed

None specified

4.3. Indication of any immediate medical attention and special treatment needed

None specified

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable Extinguishing Media: Water mist, alcohol resistant foam, dry

powder, carbon dioxide

Unsuitable Extinguishing Media: None known

5.2. Special hazards arising from the substance or mixture

Hazardous combustion products: None known

5.3. Advice for firefighters

Protection of Firefighters: None specified

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel: See section 8 for personal protection equipment For emergency responders: See section 8 for personal protection equipment

6.2. Environmental precautions

For outdoor non-greenhouse use do not apply when bees are actively foraging. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below mean high water mark. Do not contaminate water when disposing of euipment wash water or rinsate. Do not allow contamination of or discharge into lakes, ponds, or public waterways. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Apply this product only as specified in the label.

6.3. Methods and material for containment and cleaning up

Methods for Recover free product. Use absorbent material to minimize runoff of

Containment: product or mixed product.

Methods for Clean-Up: Sweep up and place in a chemical container. Seal the container and

handle in an approved manner. Do not allow wash water to contaminate water supplies. Dispose of in accordance with Federal State and local

regulations for disposal of non-hazardous waste.

6.4. Reference to other sections

See Section 8 for occupational exposure limits and risk management measures. Refer to Section 13 for disposal considerations.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing/PPE immediately if pesticides got inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

7.2. Conditions for safe storage, including any incompatibilities

Keep unopened product refrigerated (40-50°F) and dry. Seal out moisture from unused material by closing the bag tightly after squeezing out excess air. Keep used product refrigerated in original package and use within 30 days after opening.

7.3. Specific end use(s)

Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

OSHA Permissible Exposure Limits (PELs): Not determined

ACGIH Threshold Limit Values: Not determined

Other Exposure Limits: Not determined

8.2. Exposure controls

Engineering Controls: None specified

Personal Protective Equipment

Eye/Face Protection: None specified

Skin Protection Long sleeved shirt, long pants,

Shoes plus socks

Hand Protection: None specified

Body Protection: Long sleeved shirt, long pants,

Shoes plus socks

Respiratory Protection:

Mixers, loaders, applicators and other handlers must wear a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C) or a NIOSH approved respirator with prefix N-95,

R-95 or P-95.

Follow manufactures instructions for cleaning and maintaining PPE. If no such instructions for washables use detergent and hot water. Keep and wash PPE separately from other laundry.

Thermal Hazards: None known

General Hygiene Considerations:

Wash hands before eating, drinking, chewing gum, using

tobacco, or using the toilet.

Remove clothing/PPE immediately if pesticides got inside.

Then wash thoroughly and put on clean clothing.

Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible,

wash thoroughly and change into clean clothing.

Environmental exposure controls: For outdoor non-greenhouse use do not apply when bees are

actively foraging. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below mean high

water mark. Do not contaminate water when disposing of

euipment wash water or rinsate. Do not allow contamination of or discharge into lakes, ponds, or public waterways. Drift and runoff

may be hazardous to aquatic organisms in water adjacent to treated areas. Apply this product only as specified in the label.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Appearance: Tan granule

Odour: Bran

Odour Threshold: Not determined

pH 1% dilution: 6.3-6.9

Melting Point / Freezing

Point:

Not applicable

Initial Boiling Point: Not applicable **Boiling Range:** Not applicable Flash Point: Not determined **Evaporation Rate:** Not applicable Flammability (solid, gas): Not determined **Lower & Upper Flammability** Not determined

Limits:

Vapour Pressure: Not applicable Vapour Density: Not applicable Density: 0.42-0.46 g/cc Solubility: Not determined **Partition Coefficient** Not determined

(n-octanol/water):

Auto-ignition Temperature: Not determined **Decomposition Temperature:** Not determined Viscosity: Not applicable **Explosive Properties:** Not determined **Oxidising Properties:** Not determined

9.2. Other information None

Not available.

SECTION 10: Stability and reactivity

10.1. Reactivity None known 10.2. Chemical stability Stable

10.3. Possibility of hazardous reactions None known

10.4. Conditions to avoid Warm temperatures reduce efficacy

10.5. Incompatible materials None known 10.6. Hazardous decomposition products None known

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute Toxicity

Toxicological information on the substance or mixture:

LD₅₀ (oral) No toxicity or pathogenicity at an oral dose of 1.7 x 10⁶ CFU/g

LD₅₀ (dermal) No evidence of systemic toxicity at a dose of 2g/animal

LC₅₀ (inhalation) No toxicity or pathogenicity at an intratracheal dose of 10⁶ CFU/g

Skin corrosion /

irritation:

Slightly irritating

Eye irritation: Slightly and reversibly irritating.

Respiratory or skin

sensitization:

Not a dermal sensitizer.

Other information on adverse health effects:

Carcinogenicity

NTP Listed: Not applicable Not applicable OSHA: Not applicable

11.2 Reference to other sections

See Section 4 for symptoms and acute and delayed effects.

SECTION 12: Ecological information

12.1. Toxicity:

Test species	Test method	Test substance	LC ₅₀
Northern bobwhite	Acute Tox 5 day	Active Ingredient	No evidence of toxicity or pathogenicity
Rainbow Trout (Oncorhynchus mykiss)	96-hour Static Acute	Active Ingredient	EC ₅₀ 96-hour > 14.7 x 10 ⁸ CFU/L
Daphnia magna	48-hour Static Acute	Active Ingredient	EC ₅₀ 48-hour > 14.7 x 10 ⁸ CFU/L
Apis mellifera	Oral and Contact Tox	PFR-97 20% WDG	LD ₅₀ contact> 20 μg a.i./bee LD ₅₀ oral> 21.63 μg a.i./bee

12.2. Persistence and degradability

Low persistence in soil.

12.3. Bioaccumulative potentialNo bioaccumulation expected.

12.4. Mobility in soil

No data available.

12.5. Other adverse effects No data available

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Disposal Instructions: Do not contaminate water, food, or feed by storage and disposal

Pesticide Storage: Keep unopened product refrigerated (40-50°F) and dry. Seal out moisture from

unused material by closing the bag tightly after squeezing out excess air. Keep unused product refrigerated in the original package and use within 30 days after

opening.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of onsite or at an

approved waste disposal facility.

Container Handling: Non-refillable container. Do not reuse or refill this container. Completely empty

bag into application equipment. Then dispose of empty bag in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If

burned, stay out of smoke.

SECTION 14: Transportation information

14.1. UN number 14.2. UN proper shipping name

Not regulated. Not regulated.

14.3. Transport hazard class(es) 14.4. Packing group

Not regulated. Not regulated.

14.5. Environmental hazards 14.6. Special precautions for user

Not regulated. Not regulated.

14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

Not regulated.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

EPA: This product is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticidal chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

Harmful if swallowed, inhaled, or absorbed through the skin. Causes moderate eye irritation.
