DR. EARTH® FINAL STOP® WEED & GRASS KILLER HERBICIDE

Dr. Earth® Final Stop® Weed & Grass Killer Herbicide kills and controls undesired weeds close to and between food crops as well as throughout your entire garden. *Dr. Earth® Final Stop® goes to work immediately*; death generally occurs minutes to hours after application.

DIRECTIONS FOR USE: SHAKE WELL BEFORE EACH USE.

HOW TO ASSEMBLE: Grasp red connector-end and pull coiled tube out of sprayer head until fully extended. Without removing cap from bottle, remove sticker from top of dosing, open flip cap. Push red connector-end of tube into opening in cap until it "snaps".

HOW TO SPRAY: Adjust nozzle to spray or stream position as indicated on nozzle. To prime sprayer, direct nozzle toward surface to be treated and squeeze trigger several times to draw liquid up through the length of the tube (Note: Keeping sprayer head below the level of the liquid in the bottle will make priming easier.)

AFTER USE: Turn nozzle to OFF(X) position.

Apply the spray in full sun for maximum effect. Repeat application as often as needed.

PRECAUTIONARY STATEMENTS: CAUTION: KEEP OUT OF REACH OF CHILDREN.

Avoid contact with skin, eyes or clothing. Do not swallow. Wash thoroughly with soap and water after handling. Do not apply directly to water.

ATTENTION: Prior to full application, test a small, discreet area first to check for surface discoloration.

FIRST AID: If On Skin or Clothing: Wash with plenty of soap and water. If In Eyes: Flush eyes with plenty of water. If Inhaled: Seek fresh air. If Swallowed: Rinse mouth out with clean water. Do not induce vomiting. Consult your physician if irritation persists.
