ORGANOCIDE®

GREEN REAPER

Weed and Grass Killer

Organic Non-Selective Systemic Herbicide Ready to Use - Simply Shake and Spray!

DIRECTIONS FOR USE:

Apply in full sun, after the dew is gone and allow a few hours of sunshine when applying. Never apply after or before an imminent rain event. Best results when applied in temperatures that are above 60°F. Safe for use around the home and in the garden when used as directed. **SHAKE OFTEN WHILE IN USE.**

PRODUCT INFORMATION: Green Reaper® is a systemic, broad-spectrum herbicide made from a blend of natural minerals and plant-based ingredients. Green Reaper® is designed to kill weeds and grass all the way to the root system.

FOR USE ON:

Driveways, walkways, mulch and gravel beds, patios, pavers, fence lines, around shrubs and trees, and areas where unwanted weeds and grass are.

PRECAUTIONARY STATEMENTS: Avoid getting in eyes, on skin or on clothing. This product requires the use of side shield safety glasses and gloves. Use with adequate ventilation. Harmful if swallowed.

FIRST AID: If skin contact occurs, remove contaminated clothing and wash with large amounts of soap and water. If in contact with eyes, rinse repeatedly with clean water for 15 minutes. Obtain medical attention for any persistent irritation. Wash clothing before re-use.

ENVIRONMENTAL HAZARDS: Caution: potential spray drift can affect non-target organisms. Do not apply when honeybees or other pollinating insects are foraging. To protect the environment, do not allow to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

STORAGE: Store in original containers only in cool areas at 40 - 80°F. Do not contaminate water, food or feed by storage or disposal. Dispose of waste material in accordance with federal, state and local environmental laws and regulations. Triple rinse (or equivalent) and add rinsate to spray tank. Do not reuse empty container.
