

Ingredients

Active Ingredients	0.05%
Citric Acid.....	0.05%
Other Ingredients.....	99.95%
Vitamin C (L-Ascorbic Acid), Sodium Sulfate, Potassium Sorbate, Soapbark (Quillaja Saponin) & Water	
Total	100%

HOW IT WORKS
 SNS-DC™ water soluble formula displaces salts and sequesters metals that the microbes depend on to colonize. The permeability nature of SNS-DC™ causes penetration of the microbial cell wall providing preservatives and inhibitors to work on the microbes.

FOLIAR SPRAY
Plant Site Use For All Plants & Turf (Leaves (Foliage), Stems, Stalk, Fruit and around Flowers).
Coverage of Plants = 1 gallon of SNS-DC™ solution will cover approximately 550 square feet, No restricted entry interval (REI)=0.
Spraying/Fogging. Spray all plant parts (leaves, stems, stalk, crowns & other) Spraying lightly on top of the soil may be helpful in reducing unwanted yeast and molds. Be careful when contacting flowers as excess moisture may have unwanted effects. Always spray in the cooler part of the day or with the grow lights off.

SNS DC

**Non Staining
No Odor**

SIERRA NATURAL SCIENCE DISEASE & FUNGAL CONTROL
