UNLEASHING THE POWER OF NATURE! All-Natural Insecticide and Fungicide

Kills and eliminates insects including larvae and eggs.
Also eliminates fungus, molds and mildews.

Directions for Use: Must make contact with targeted pests, their eggs and larvae, as well as molds and mildews to work effectively. Spray entire plant, including in between stems, on top of and under leaves where pests reside, and the stalk. Can be used as a soil drench.

SPRAY IN EVENING TO AVOID PHYTOTOXICITY.
ALWAYS TEST BEFORE USING.

Application Instructions: Best to use before you enter beneficial insects into your garden.

Does not require any protective clothing or special handling.

Do not use wetting agents. Do not spray on top of or with other pesticides/fungicides.

Disposal Instructions: Please recycle container after use.

Storage Instructions: Do not store in temperatures over 120°. Do not store in direct sunlight. Do not freeze. Best to store in cool dark area 50° to 75°.

Non-toxic, hypoallergenic, non-bacterial, shelf-stable, no harmful residue, food-grade ingredients, no GMOs, gluten free. No oils: will not clog stomata. May be used up to and on the day of harvest.

So safe you can spray walls, ceilings and floors. **ELIMINATOR** will get into cracks and crevices to destroy any insects as well as fungus, molds and mildews. Great for cleaning equipment. Does not leave any residues and is non-static. Safe to use during all growing stages.
