

SAFETY DATA SHEET

US Hazard Communication Standard 2024 (29 CFR 1910.1200)

Section 1: Identification

Product identifier

- **Product Name:** Monterey Asian Citrus Psyllid Trap & Lure
- **UPC No.:** 0-22179-10800-4

Details of the supplier of the safety data sheet

Company: Lawn and Garden Products, Inc.
PO Box 35000
Fresno, CA 93745-5000
1-559-499-2100

Emergency Number: Chemtrec: +1 800 424-9300

Relevant identified uses of the substance or mixture and uses advised against

- **Recommended use:** Insect Trap or Lure

None of the ingredients of this material meet the definition of "Hazardous Chemical" given in OSHA Hazard Communication Regulation 29 CFR 1910.1200(c). The information on this form is furnished as a customer service. All items meet current EPA and FIFRA registration requirements (EPA registration not required).

Section 2: Hazard(s) Identification

Classification of the chemical in accordance with paragraph (d) of § 1910.1200: Not a hazardous substance or mixture.

Label elements

- Does not require a hazard warning label in accordance with the Occupational Safety and Health Standards for Toxic and Hazardous Substances Part 1910.1200(b)(6).

Other hazards

- **Health:** Unlikely to cause irritation to the eyes, skin, or as an inhalant. Not volatile. Unlikely to cause adverse systemic health effects if ingested.
- **Environmental:** Neither ecological hazards nor bioaccumulation are expected, however, it is good practice to avoid spillage into the environment.
- **Additional Information:** Trap bait formulation is comprised of food-grade ingredients, but do not allow ingestion by humans or animals. In case of any reaction, seek medical assistance. Does not contain nut ingredients.

Monterey Asian Citrus Psyllid Trap & Lure

Section 3: Composition/Information on Ingredients**Substances**

- **Chemical name:** Trade Secret.
- **Common name and synonyms:** Trade Secret.
- **Chemical Abstracts Service (CAS) number:** Trade Secret.
- **Impurities and stabilizing additives:** Trade Secret.

The chemical name and concentration (i.e., exact percentage) of all ingredients which are classified as health hazards and are:

- | | |
|--|------|
| a) Present above their cut-off/concentration limits: | None |
| b) Present a health risk below the cut-off/concentration limits: | None |

The concentration (exact percentages) of each ingredient:

- a) A trade secret claim is made.

Chemicals where a trade secret is claimed

- The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

None of the trade secret ingredients are considered hazardous,
None of the trade secret ingredients have a PEL established under OSHA regulations,
None of the trade secret ingredients have a TLV established under OSHA regulations
All compounds are used at less than 1 g per trap

Section 4: First-Aid Measures**Description of first aid measures by relevant routes of exposure:**

SKIN: Wash affected area with soap and water.

EYE: Check for and remove contact lenses. Flush with water for 15 min. Seek medical attention immediately.

INHALATION: Remove to fresh air. Give oxygen if breathing is difficult. Get medical attention.

INGESTION: If swallowed, DO NOT induce vomiting. Keep at rest. Get medical attention immediately in any adverse reaction occurs.

- **Most important symptoms and effects, both acute and delayed:**
Not known, not expected.
- **Indication of any immediate medical attention and special treatment needed:**
No known, not expected.

Section 5: Fire-Fighting Measures

- **Extinguishing media:** Foam, dry chemical, CO₂, halogenated agents.

Advice for firefighters:

- **Respiratory protection:** For conditions of use where exposure to the substance is apparent and engineering controls are not feasible, consult an industrial hygienist. For emergencies, or instances where the exposure levels are not known, use a full-face piece positive-pressure, air-supplied respirator.
- **Protective gloves:** Recommended
- **Eye protection:** Recommended
- **Other protective equipment:** Impervious protective clothing, including boots, gloves

Section 6: Accidental Release Measures

Emergency procedures

- **Spill or leak procedures:** Ventilate area of leak or spill. Remove all sources of ignition. Wear appropriate personal protective equipment. Isolate hazard area. Collect spilled solid in an appropriate container and dispose of according to local and regional authority requirements. Finish cleaning by spreading water on the contaminated area.

Personal precautions and protective equipment

- **Respiratory protection:** For emergencies, or instances where the exposure levels are not known, use a full-face piece positive-pressure, air-supplied respirator.
- **Protective gloves:** Recommended
- **Eye protection:** Recommended
- **Other protective equipment:** Impervious protective clothing, including boots, gloves

Section 7: Handling and Storage

Handling

- **Respiratory protection:** None required, however, use of adequate ventilation is good industrial practice.
- **Ventilation:** A system of local and/or general exhaust is recommended to keep employee exposure as low as possible.
- **Protective gloves:** None required, use of protective gloves recommended.
- **Eye protection:** None required, use of eye protection recommended.

Storage

- **Specific storage requirements:** Keep in a tightly closed container, stored in a cool, dry, ventilated area away from any area where the fire hazard may be acute. Protect against freezing, physical damage and excess heat.

Section 8: Exposure Controls/Personal Protection

Exposure controls: No further data; see section 7.

Personal protective equipment: No further data; see section 7.

Section 9: Physical and Chemical Properties

Material description

Appearance	Plastic trap with dual pheromone bait in a poly pouch	pH	Not available
Odor	negligible odor	Viscosity	Not available
Odor threshold	Not available	Vapor pressure	Not available
Boiling point	>500° F	Vapor density	Not available
Freezing point	125° F	Relative density @ 25° C	0.8
Solubility	Negligible, < 0.1%	Evaporation rate	n/a
Flash point	>390° F	Flammability (solid, gas)	Not available
Auto-ignition temperature	Not available	Upper/lower flammability or explosive limits	Not available
Decomposition temperature	Not available	Partition coefficient: <i>n</i>-octanol/water	Not available

Section 10: Stability and Reactivity

Reactivity

- Not available.

Chemical stability

- Stable under ordinary conditions of use and storage.
- No stabilizers needed to maintain chemical stability.
- Should the product change in physical appearance, no safety issues expected.

Other

- **Hazardous polymerization:** Will not occur.
- **Conditions to avoid:** Exposure to temperatures greater than 250° F.
- **Materials to avoid:** None known.
- **Known or anticipated hazardous decomposition products:** None.

Monterey Asian Citrus Psyllid Trap & Lure

Section 11: Toxicological Information**Information on likely routes of exposure**

- **Primary route(s) of entry:** Not known.

Information on toxicological effects

Chemicals contained in this product demonstrate low acute toxicity by oral, dermal, and inhalation exposures; toxicity in repeated-dose studies only at relatively high levels; no evidence of reproductive toxicity, developmental toxicity, or mutagenicity.

- **Acute effects:** Not known.
- **Most important symptoms and effects, both acute and delayed:** Not known, not expected.
- **RTECS numbers:** Not applicable.
- **Irritation data:** Not known.
- **Toxicity data:** Not known.
- **Threshold Limit Value (TLV):** Not known.
- **OSHA Permissible Exposure Limit (PEL):** Not known.
- **Listed as a carcinogen by NTP, IARC, or OSHA?** No.

Section 12: Ecological Information**Toxicity**

- **Aquatic and/or terrestrial toxicity:** not available
- **Persistence and degradability:** not known

Behavior in environmental systems

- **Bioaccumulative potential:** not available
- **Mobility in soil:** not known
- **Additional ecological information:** not known

Section 13: Disposal Considerations**Disposal**

- Whatever cannot be used, saved for recovery or recycling should be managed in an appropriate and approved waste disposal facility. Dispose of container and unused contents in accordance with federal, state and local requirements.

Section 14: Transport Information

Not DOT, IMDG or IATA regulated.

Safety Data Sheet

Monterey Asian Citrus Psyllid Trap & Lure

Section 15: Regulatory Information

No restrictions.

Section 16: Other Information

DISCLAIMER OF WARRANTIES AND LIMITATION OF LIABILITY

THE INFORMATION IN THIS SDS WAS OBTAINED FROM SOURCES WHICH WE BELIEVE ARE RELIABLE. HOWEVER, THE INFORMATION IS PROVIDED WITHOUT ANY WARRANTY, EXPRESS OR IMPLIED REGARDING ITS CORRECTNESS. COMPANY MAKES NO REPRESENTATIONS OR WARRANTIES, EITHER EXPRESS OR IMPLIED, OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OF ANY OTHER NATURE WITH RESPECT TO THE INFORMATION OR THE PRODUCT TO WHICH THE INFORMATION REFERS. COMPANY'S SOLE AND EXCLUSIVE LIABILITY WITH RESPECT TO PRODUCTS PROVIDED TO COMPANY'S SATISFACTION TO BE DEFECTIVE OR NONCONFORMING SHALL BE THE REPLACEMENT OF SUCH PRODUCTS WITHOUT CHARGE OR REFUND OF THE PURCHASE PRICE UPON THE RETURN OF SUCH PRODUCTS IN ACCORDANCE WITH COMPANY'S INSTRUCTIONS. THIS REMEDY, IN THE MANNER PROVIDED HEREIN, SHALL CONSTITUTE FULFILLMENT OF ALL LIABILITIES OF COMPANY, WHETHER BASED ON CONTRACT, TORT OR OTHERWISE WITH RESPECT TO, OR ARISING OUT OF THE PRODUCTS. COMPANY SHALL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, CONTINGENT, OR SPECIAL DAMAGES.
