If swallowed:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.

1

FIRST AID (continued)

If inhaled:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
-------------	---

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call the National Pesticide Information Center (NPIC) at 1-800-858-7378.
In the event of a medical or chemical emergency, contact ChemTel  North America 1-800-255-3924 or Worldwide Intl. + 01- 813-248-0585

USER SAFETY RECOMMENDATIONS

Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

2

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes of climatic modification and being grown in interior landscapes, ornamental gardens or parks, or on lawns and grounds. Do not use on plants that are to be used for food or feed.

ferti-lome® Rooting Powder is recommended for the rooting treatment of many houseplants and Azaleas (evergreen types), Chrysanthemums, Chinese Evergreens, Dieffenbachia, Dracaenas, Geraniums, Hydrangeas, Ivy, Lantanas, Pandanus, Veitchi, Pachysandra, Peperomias, Philodendron, Poinsettias, Pothos, and a wide range of other plants. This product may also be used for general treatment of bulbs, roots, and corms, or ornamental plants.

POWDER DIPPING PROCEDURE

Select cuttings from a vigorous healthy plant. Tips should be 2" to 8" long. Cuttings should be from stems that are brittle.

Cut just below a node or leaf with a sharp knife.

Remove any leaves or flowers at the base of the cutting.

Before Dipping in Powder, smooth stemmed cuttings should be slightly moistened. Cuttings with rough stems should not be moistened before treatment.

Dip in Powder to a depth that will cover the stem lightly to a point slightly higher than the cutting will be set in the rooting medium. To remove excess powder, tap on the edge of the container, letting excess fall back into the unused rooting powder.

Plant: Any rooting medium may be used, but a mixture of sand and peat potting soil has been found very satisfactory for most vegetative reproduction. Be sure that the trench or hole in the soil is large enough so that the powder is not rubbed off when inserting the cuttings. Firm soil around cutting to avoid air pockets.

Keep rooting medium moderately moist until roots are established. Treated cuttings should not have less than a 60°F temperature.

GENERAL TREATMENT OF SEEDS, BULBS, CORMS, AND ROOTS OF ORNAMENTAL PLANTS: Place **ferti-lome® Rooting Powder** and bulbs, corms or roots into a sealed bag or container. Shake well to deposit a light coating. Screen off excess powder for future use.

Two ounces of this product should treat approximately 4,500 average cuttings.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in tightly closed, original container in a dry, cool, dark, locked area away from children and domestic animals.

Pesticide Disposal and Container Handling: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Seller makes no warranty or guarantee of any kind, expressed or implied, concerning effects of use of this product, other than those specified on this label. Buyer accepts all responsibility for results due to misuse or improper handling of this product.
