

# EARTH JUICE® FEEDING CHARTS

Earth Juice® fertilizers are formulated to deliver the macro and micro nutrients needed at the various stages of plant growth. Follow the feeding charts below to maximize the potential of your plants. This guide lists each product line and the recommended periods in a plant's life cycle in which to apply particular formulas. Refer to the appropriate product feeding charts for more detailed directions.

These instructions are only intended as a general use, rates may be adjusted per individual needs.

## EARTH JUICE GOGNATS SCHEDULE

### goGnats Poison-free EPA Exempt Pest Control

#### Hydroponic Nutrient Reservoirs

Add to reservoirs at every nutrient change. Drain and flush reservoirs with clean water. Replenish with a fresh nutrient goGnats solution.

**General Maintenance:** 1 tsp/gallon (1.3 ml/L)

**Infestations:** 2 oz./gallon (16ml/L) run for one full day (cycle). Drain system and fill the reservoir with a fresh nutrient and goGnats solution.

#### Soil-drench (Hand-feeding)

Apply 2 times the first. Reapply every 2 weeks.

**General Maintenance:** 1 tsp/gallon (1.3 ml/L)

**Infestations:** 2 oz./gallon (16ml/L). Drench the soil until solution starts draining out of the bottom. Return to General Maintenance schedule.

*May be added to most liquid fertilizer feeding solutions.*

#### Area Spray

Spray directly on infested areas and the perimeters to help create a barrier. Apply 2 times within the first week. Reapply every 2 weeks.

**General Maintenance:** 2.6 oz./gallon (20 ml/L)

#### Plant Spray

Spray all foliage and stems. Apply 2 times within the first week. Reapply every 2 weeks. **CAUTION:** Do not spray plants during the hottest part of the day when temperatures exceed 90°F. Before using, test on a specimen plant by spraying a selected number of leaves. Check after 24 hours for signs of stress. If plants exhibit any signs of stress, reduce the strength by half and repeat test on a new set of specimen leaves. If plants again exhibit signs of stress, do not use.

**General Maintenance:** 1.7 oz./gallon (13 ml/L)

Keep out of reach of children and pets.

**CAUTION:** Avoid contact with eyes and skin. Use safety goggles and gloves. In case of eye contact, flush with plenty of water for at least 15 minutes. After use, wash hands with soap and water. Do not take internally. Store tightly sealed in the original container in a cool dark area.

#### Basic Guide for the Earth Juice® Nutrient Systems

This guide lists each product line and the recommended periods in a plant's life cycle in which to apply particular formulas. Refer to the appropriate product feeding charts for more detailed directions.
