

GrowSafe®

Better & Safer than Neem Oil

GrowSafe® is a natural bio-pesticide formulation made of a proprietary blend of natural food-grade ingredients that effectively **ELIMINATES, PROTECTS & REPELS** a variety of pests at all stages (spider mites, whiteflies, aphids & powdery mildew). **GrowSafe®** controls and eradicates infestations in vegetables, fruits, ornamentals, and cannabis growing facilities (indoor, outdoor and greenhouse), promoting higher yields and healthy, disease free plant growth.

UNIQUE FORMULATION PROCESS

- Produces homogeneous emulsion that does not separate
- Long shelf life while maintaining high efficacy (2 years before opening and 6 months once container is opened)
- Better and safer than other oils for plants
- Made of 100% food-grade ingredients

WHY GROWSAFE?

EFFECTIVE: *GrowSafe*[®] is better and safer in comparison to chemical based pesticides, as well as neem and mineral based oils. It can be sprayed with any type of spraying equipment.

ZERO RE-ENTRY TIME: Due to the non-toxic ingredients contained in *GrowSafe*[®], there is no need to worry about harmful effects to the environment, pets and humans.

REGULATORY: *GrowSafe*[®] qualifies for EPA exemption as a minimum risk pesticide under FIFRA 25 (b).

BIO-PESTICIDE: Safe for bees, ladybugs and many other beneficial insects*.

NON-PHYTOTOXIC: Unlike other pesticides and oils, *GrowSafe*[®] will not cause leaf scorch or tip burns due to its unique formulation*.

Before: Untreated cannabis

After: Treated with *GrowSafe*[®]

*When used as directed
