

SYSTEMICA®

PLANT-POWERED TOTAL PROTECTION PESTICIDE

 **LAWN**  **GARDEN**  **HOME**

REVOLUTIONARY PEST CONTROL

Made with 100% all-natural & organic ingredients
in Salinas Valley, California

- ✓ Made with 100% organic ingredients ONLY
- ✓ All-natural formula
- ✓ Earth friendly
- ✓ Preventative & systemic
- ✓ People & pet safe when used as directed

You don't need 12 different pesticides for your lawn and your flowers and your patio and your vegetable garden.

**Keep it Simple.
Make it Systemica.®**

Finally there is a product that can protect your entire plant & even prevent a pest infestation before it starts.

Meet Systemica, a revolutionary natural and organic total protection pesticide. Systemica stands up to aphids, ants, mites, and more. It contains plant-based botanicals that kill and repel insects on any surface - especially plants. So it works on contact while it's also absorbed into plant cell walls, just like water, creating complete and total protection.
