

Dried Cocoon Capers™ are 100% natural fly pupae which are raised under optimal conditions to provide the highest quality and most nutrition possible. Many finicky reptiles, amphibians and tropical fish readily consume Dried Cocoon Capers preferentially over formulated diets.

**DIRECTIONS:** Feed Dried Cocoon Capers™ on a daily basis at regular time intervals. Dried Cocoon Capers™ may be crushed or fed whole depending on size of the animal's mouth. When fed to aquatic animals feed only as much as will be consumed in several minutes and remove any unused portion. Store in refrigerator.
