

# Assembly Instructions:

## Border Column with Metal Post

Item#ZPSCK

### Components:

Please check that you have the following:

- 1 x Ground Spike
- 1 x 36" Tubular Column
- 1 x Disk with collar to fit onto column
- Hardware Packet includes:
  - 2 x 2 1/2" bolts
  - 2 x nuts

1. Push top end of column up through disk.
2. Align holes in disk with holes at top of column. Insert 2 1/2" bolt and fasten nut.
3. Push the Ground Spike into ground until the round plate is level with the ground surface. Use a wood block and mallet if necessary.
4. Slide bottom of column down into outer sleeve of Ground Spike. Attach with 2 1/2" bolt and nut.

5. Attach your Pamela Crawford basket (sold separately) by placing onto disk and rotating counter clockwise. Make sure the disk clips are securely holding basket in place.
6. Assembly is complete
