

## Two Tier Planter (KC 25)

### Assembly Instructions

- Place the Bottom Stand on flat a surface.
- Insert and tighten the Long Rod with welded Nut onto the Center pipe of the Bottom Stand.
- Take the 17inch Basket and lower it onto the Long Rod, until it is in contact with Center pipe of Stand.
- Take the Pipe, insert it over the Long Rod & rest it on the 17inch Basket.
- Take the 14inch Basket and insert it onto the Long Rod, until it is in contact with Pipe.
- Insert the Washer & Tighten the Hex Nut onto the Long Rod with Wrench.
- Now your Two Tiered Planter is ready.
- Insert the Coco Molded Liner over the Pipe & Fit it to the basket, as required
