***Terms & Conditions**

SERRV Perks 2022 earning seasons will be January through July, and August through December.

At the end of each SERRV Perks 2022 season, Customer Care will let you know when credits are available on your account and provide any earned Free Shipping Promo Codes. Watch for emails in January and August with this information.

Both Credits and Promo Codes will be based on actual shipped volume during the Perks program season, and must be used by the end of the following program season.

GROW with us! credits will apply to your specific store and are non-transferrable to a new owner. These credits will be listed on your monthly statements until they're applied—please sign up for our eco-friendly e-statements by emailing orders@serrv.org.

\$5K & FREE! Promo Codes will be valid on orders over \$500 wholesale and only one code can be applied per order. Usual exclusions of freight shipments, addresses outside the continental U.S., back orders, final sale, chocolate, gift cards and donations apply. Receive up to a maximum of 6 promo codes per program season.

Credits for problems, returns, canceled orders, product exclusives, and back orders will not be included in order totals.

The 2022 Store Rewards Program is available to all wholesale accounts in good standing, excluding high volume retailers with custom pricing structures and sales on third party sites. Once you've signed up, Customer Care will confirm your participation by email.

SERRV reserves the right to change the program and terms at any time.
