Peace & tolerance in the Middle East

For decades, the Middle East has been trapped in conflict & desperate for peace. Our partners in Israel support Arab olive farmers and Israeli & Palestinian women making spices & oils, while our partners in the West Bank provide much-needed employment to Palestinian artisans. Each creates models of peace & tolerance crossing religious borders.

Photo credit: Etti Lilti

Making *peace* with fair hands

For over 73 years, SERRV has worked against the odds to craft peace and prosperity around the world.

In today's world filled with conflict and discrimination, we're inspired by our global partners and see the great things we can achieve when we work together.

Through fair trade, more than 8,000 small-scale artisans and farmers—plus their families and communities—benefit from collaboration and acceptance.

Every SERRV purchase takes us all one step closer to a more peaceful and equitable world.

In Vietnam, rural ethnic groups preserve traditional craft and culture.

A few examples:

In the United States, young moms receive job training, income, and education.

In Uganda, rural women build financial independence and peaceful coexistence.

a better world in the making®
