

# Blueair HEPASilent™ filter

## Comparison chart

Particle filter

SmokeStop™ filter

Removes up to 99.97% of all particles down to 0.1µm in size	Yes	Yes
Maximal removal of gases and odors	No	Yes <sup>1</sup>
Hydrophobic filter media that prohibits bacteria and mold growth	Yes	Yes
Low pressure drop <sup>2</sup>	Yes	Yes
Allows maximum airflow	Yes	No <sup>3</sup>
Environmentally friendly <sup>4</sup>	Yes	Yes

<sup>1</sup> Contains enhanced activated carbon.

<sup>2</sup> Low pressure drop results in high energy efficiency and high airflow.

<sup>3</sup> The enhanced activated carbon reduces airflow to some extent (5-15%).

<sup>4</sup> Discarded and incinerated filter media converts into harmless carbon dioxide and water.
